earned 1,000 points, you become a certified Microsoft Innovative Educator!

Agenda at a Glance:

HACK THE CLASSROOM PROGRAM

Interactive Maker Space

Education thought leader, *Jordan Shapiro*, will take us on a tour of the... Participate yourself by downloading the curriculum.

Thought Leader Keynote

Hear inspirational ideas from *John Kao*, on how to build a culture of innovation and entrepreneurship for students.

Glimpse into Classroom #1

See how *Lauren Pittman*, elementary special education teacher, is harnessing the power of the Learning Tools in OneNote, helping her students to dramatically improve their reading and writing abilities.

Virtual Field Trip with Skype

Learn how *Dyane Smokorowski*, MIE Expert and Skype Master Teacher, will open the walls of her classroom, enabling global connections for her students. Experience this yourself as *Dyane* takes us on a very special virtual field trip. (You must tune in to find out where we will go!)

Glimpse into Classroom #2

Follow the journey *Patricia Romero*, MIE Expert from Mexico, took from watching her students play Minecraft to working with the teachers in her schools across Latin America to create collaborative learning experiences.

Maker Space Panel

Listen as teachers and students from the Maker Space share what it was like the first time and how they see it connecting to their content and curriculum.

- **Create a Twibbon** for your Twitter and Facebook profile!
